Summary

Aspiring entry-level Full Stack Web Developer skilled in HTML, CSS, and JavaScript. Eager to contribute to user-friendly web applications and enhance expertise in both Front-End and Back-End technologies within a collaborative team.

Technical Skills

- **Web Technologies:** HTML, CSS, JavaScript, React Js, ExpressJs, NodeJs
- **Frameworks:** Bootstrap
- **Database Management:** MongoDB

Work Experience

Infosys Limited   May 2022 - January 2023
System Engineer Trainee

- Collaborated across diverse teams, identifying, and rectifying technical issues, driving a notable 30% enhancement in system uptime and availability.
- Completed an extensive training regimen, mastering multiple programming languages to bolster technical proficiency.
- Spearheaded troubleshooting efforts, leading to a 30% surge in system uptime and availability through effective collaboration with cross-functional teams.
- Attained expertise in various programming languages via a comprehensive training program, facilitating adept problem-solving across diverse technical challenges.

Projects

Car-Rental-Services   January 2023 – February 2024

- Designed and developed a custom car-rental application from scratch, enabling users to effortlessly book cars and share feedback.
- Crafted an intuitive user interface by leveraging HTML elements, employing CSS for styling, and ensuring seamless responsiveness with Flex properties and the CSS Box model.
- Implemented scrolling functionality using the JavaScript scroll Reveal method, enhancing user experience with smooth navigation through search results.

Expense Tracker   December 2023 – January 2024

- Developed a persistent expense tracker application, integrating CRUD operations to efficiently manage and organize item lists.
- Implemented robust CRUD operations using JavaScript event listeners, ensuring seamless interaction and data manipulation.
- Utilized local storage methods to persist item lists across page reloads, ensuring seamless user experience and data retention.

Education

- Bachelor of Technology in Mechanical Engineering   July 2018 – March 2021
  Malla Reddy College of Engineering
- Diploma in Mechanical Engineering   August 2015 – April 2018
  Govt Polytechnic College

Certification & Achievements

- Certified in Career X Full Stack Web Development.
